

## Tenant Consultation – Back Hilton Road Bicycle Storage

We are delighted to announce that Ark has been successful in applying for the funding of bike storage units from Cycling Scotland. Following a feasibility study, Back Hilton Road, Aberdeen has been identified as a location where bike storage units will be installed for tenants.

A recent site visit has identified a possible location for five bike storage units near the front entrance to the building. This is adjacent to the bin store where there is currently a bed of shrubs. In addition to being readily accessible, this site would be visible from the front of the development and would not restrict access to the parking areas or result in a loss of spaces. Installation at this location would result in the relocation of a litter bin and the removal of shrubs.

Please see attached pictures 1 & 2 of the proposed location.

We would like to know what you think; whether you are happy with the proposed space; whether you have a bike or would use a storage unit and how these could be allocated.

You are invited to participate in a consultation taking place on site, in the stairwell of 2/4 Back Hilton Road on Tuesday 20th July between 11 am and 2pm.

Both Debbie Munro, Housing Officer and Margot Lord, Housing Assistant will be present to hear your comments and answer any questions you may have. Current covid restrictions and guidelines will be adhered to and arrangements can be made to visit individual tenancies if there are any issues with you coming to us on site.

Alternatively tenants can also contact Debbie Munro or Margot Lord on 0131 478 8146 or email any feedback/comments to: [housing@arkha.org.uk](mailto:housing@arkha.org.uk). Please ensure any comments are submitted by Monday 26th July.
